Simply put, 2020 has been a challenging year for everyone. Needing no explanation, it is safe to assume we are ALL looking forward to year end. We sincerely hope this letter finds you and your loved ones safe and well.

After receiving the directive from Governor Baker, we were able to open our doors on May 8th, five weeks into our golf season. Quite honestly, we didn't know what to expect because of these unprecedented times. We knew immediately that we would not be able to operate the course the way we were accustomed to. We faced restrictions and challenges that were changing constantly. We wondered if golfers would be able to play or even want to play. Like many other businesses, we were concerned that we would be negatively affected by the pandemic.

Thankfully, golf became one of the things you could do safely in 2020. Friends came and played together. Couples came and played. Families golfed together and some came with 3 generations! When permitted, leagues came to play. New players came filled with enthusiasm! All were able to practice social distancing and enjoy each other's company safely. There was a sense of normalcy during a not so normal time. We were able to provide a safe environment for golfers and employees. It was exciting as well as heartwarming.

It is mid-November and we are still seeing lots of play at Little Harbor. We are looking towards 2021 with optimism. Enclosed with this letter is the 2021 Membership Pass information. Whether as a member or a daily fee player, we look forward to seeing you at the "Harbor" next year. Let's "Ring In" the New Year with HOPE that 2021 goes into history books for all the right reasons.

Stay Safe & Be Well.

Chris
