Shawn Lapworth  
PGA Professional

*Another year is coming to a close. Typically, this is the time of year we reflect on the current season and plan for the upcoming year. As most of you know, the golf course is for sale and our future is a bit uncertain. When rumors began to circulate this year, we heard concerns from many of you. Please know that we listened to your concerns. Our goal is to sell to someone that will maintain "Little Harbor" as a golf course. Of course we cannot promise anything but that is our hope. We **can** promise that until a sale takes place, the golf course as you know it, will remain.*

*Our current plan is to continue to operate with a "business as usual" strategy. We will maintain the golf course as we always have. We will offer memberships for 2022 with a promise that if we sell the course before April 1<sup>st</sup> and the new owners do not plan to honor memberships, we will give you a full refund. If a sale takes place after the season starts and the new owners do not honor memberships, your refund will be based on how many days remain in the season. With all this said, we strongly believe that under new ownership, the 2022 memberships will be honored. We simply can't make that guarantee at this time.*

*Please know that the reason for the sale is simply because it is time for all owners to move on. It hasn't been an easy decision to market the course. It has been home for all of us at one point of time or another. We will always have a special place in our hearts for "Little Harbor" and we want to thank ALL of you for making it the special place it is. It is a beautiful little piece of the world and we hope it continues on with the sense of family and camaraderie that has always been at the forefront of the LHCC.*

*On behalf of All of Us at the Little Harbor Country Club,  
Once Again...Thank You.*

*Chris*
